SEARCH NOTES		
Search Notes	Date	Examiner
Google search: "hot wire fluid level measurement"	12 September 2008	B. Baldridge
EAST search using keywords "control near5 (unit or apparatus) same voltage source near10 output and (sensor resistor or thermistor or NTC or PTC)", "oil near5 level near5 sensor and hot near5 wire", "zener", "regulator", "switch" in various combinations.	12, 15 September 2008	B. Baldridge
EAST Search using keywords "level near5 sensor and hot near5 wire and regulator"; "oil level near5 sensor and temperature with compensat\$5 and (hot wire or hotwire"	10, 16 September 2009	B. Baldridge
Consulted with Tim Dole, Primary Examiner, AU2831 regarding possible examiner's amendment to claims	16 September 2009	B. Baldridge
Searched class/subclass 73/290R and 73/304R in combination with keywords "oil near5 level"	16 September 2009	B. Baldridge
EAST search using keywords "oil level near5 sensor same reference resistor with ((sensor near5 resistor or thermistor) or (resistor near5 positive near5 temperature) or (resistor near5 negative temperature))"	17 December 2009	B. Baldridge
